

## Pastuerized Milk Its Relation To Health

If you have followed the events in so far as the Milk Deliveries to the large cities are concerned you would have noticed that their City Ordinances provide that all Milk and Cream coming into the City shall be Pastuerized.

Pasteurizing is not a fad. Its results are based on Scientific research.

Pasteurization destroys 98% to 99% of all micro-organisms, including the bacillus of Typhoid, Diphtheria and Tuberculosis. The taste is somewhat altered, but no constipating effect is produced, and the milk is said to be more easily digested by persons suffering from stomach and intestinal trouble.

We receive daily, fresh shipments of Pasteurized Milk Cream and Buttermilk; making early morning delivery at your home.

So why use condensed and powdered milk when your community is supplied by a product bearing the above qualities.

## MINER OFFERS \$1000 IN CASH PRIZES

(Continued on Page Eight)  
should try to start as early as possible.

Receipt books will be given the contestants in time to start Monday morning. Some of your best work can be done before procuring your book, however, by informing your friends you are in the contest and getting the promise of their subscriptions. So GET BUSY.

With your first subscription fill out the First Subscription Blank found in the advertisement. This counts you 10,000 votes beside the vote value of your subscription. With the 5,000 votes the nomination blank counts you, and your first subscription, it starts you in the contest with at least 20,000 votes. And don't forget to save the coupon published weekly.

### EXTRA VOTES

In order to stimulate your interest right from the start, THE MINER is making you some extra or bonus vote offers. These votes are termed "club" votes, and decrease as the contest advances.

Every candidate who brings or sends in \$25 of campaign collections up to and including Wednesday, May 4, will be given a special ballot of 100,000 votes in addition to the regular vote value of their business. If you bring in \$50 you get 200,000 extra votes and so on.

Between the dates of May 4th and May 14th, inclusive, 75,000 votes will be given for every club of \$25 in campaign collections, in addition to the regular vote value of their business.

Between the dates of May 14th and May 25th, inclusive, 50,000 votes will be given for every club of \$25 in campaign collections in addition to the regular vote value of their business.

Between the dates May 25th and June 4th, inclusive, 25,000 extra votes will be given for every club of \$25, in addition to the regular vote value of their business.

In explanation, it may be added that it is not necessary to bring in all the club money at once. Your business is kept close track of, and when it totals \$25 you are given the club vote, anything over \$25 being carried forward to help make the next club.

### RULES GOVERNING CONTEST

Any person who is of good character, married or single, old or young is eligible to compete in THE MINER'S 1921 Circulation Campaign, except employees of THE MINER or immediate members of an employee's family.

Nominations may be made at any time. THE MINER reserves the right to reject any nominations.

**VOTES CANNOT BE TRANSFERRED.** They must be secured through the regular channels according to the rules of the campaign. In other words, if candidate No. 4 wishes to withdraw and work in the interest of Candidate No. 5, the votes already made out to No. 4 cannot be transferred to No. 5. The justice of this is readily seen.

Cash must accompany all subscriptions. There will be no exceptions to this rule.

Persons sending in subscriptions should state the name of the candidate to whom they wish the votes credited.

All vote ballots issued to candidates on business turned in may be kept until the candidate is ready to poll them for publication.

Candidates should report to the Campaign Manager at least once daily.

Candidates may have anyone work for them anywhere. Remember the wise business manager never does all the work himself.

The list of candidates, together with their votes polled for publication, will appear in each issue.

Ten per cent cash commissions will be paid non-prize winners on the gross amount of subscription money turned in provided they bring in two or more new yearly subscriptions a week during the duration of the contest, or from the time they start to

work.

THE MINER guarantees fair and impartial treatment to all candidates. Contestants are not confined to their particular town or community in which to secure subscriptions, but may take orders anywhere in this section, or for that matter, anywhere in the United States.

Votes cannot be purchased. Every cent accepted through the campaign department must represent a subscription.

Any collusion on the part of contestants to the detriment of other contestants or THE MINER will not be tolerated. Any contestant entering into or taking part in such a combination will forfeit all right to either prize or commission.

It is understood that contestants are to be responsible for all money collected by them.

Persons taking part in the campaign thereby bind themselves to abide by the foregoing rules.

Say--  
Jonteel

The Jonteel Label on a package is an assurance of unquestionable quality of ingredients and formulas based on approved and proven scientific principles. These products did not advance in price during the war period—an achievement which has added materially to their popularity. These are prominent features:

### Jonteel Complexion Powder

is superbly fine and soft in texture and has that necessary adhering quality. A shade for every complexion. In hinged boxes, 50c.

### Jonteel Rouge

has found favor because of its quality and the handy metal box, the mirror and puff. Spanish or dark, 50c a box.

### Jonteel Talcum Powder

is so thoroughly refined and borated that it soothes the most tender skins. Daintily perfumed with the new costly odor of flowers from all parts of the world.

### Jonteel Cold Cream

is more than a cleansing agent. It builds up the skin tissues and promotes skin health. In handy jars, 50c.
